

# Bible Class Review (5-22-13)

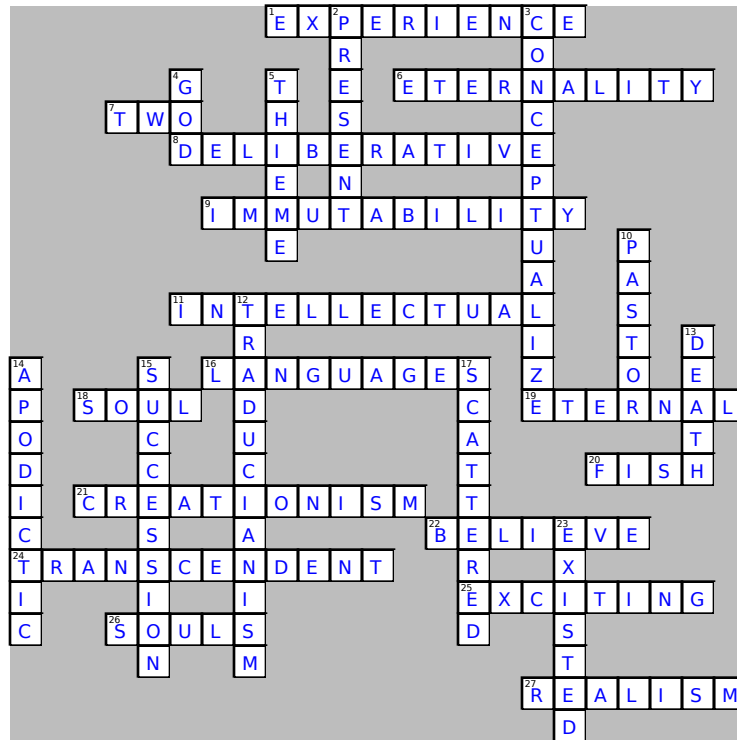

## Across

- 1 Anti-intellectual Christians are always looking for some victorious new spiritual life \_\_\_ rather than using their minds to learn about and love God.
- 6 God as Pure Act is the ground for His \_\_\_.
- 7 There are \_\_\_ time modes: eternity and temporality.
- 8 In man's intellectual knowledge, he has \_\_\_ power which no animal possesses.
- 9 If God entered time then He would lose His \_\_\_.
- 11 I would rather you disagree with me (or any pastor) on an issue and be able to defend your position biblically and philosophically than just agree with me and not have those skills. The believer who just listens to others commits \_\_\_ suicide, which causes many more spiritual problems in their lives. They long for a spiritual victory that they are never quite able to attain.
- 16 Understanding philosophical psychology can get believer closer to some ultimate truths regarding certain things about human nature than knowing the original \_\_\_ of Scripture. God expects for us to use our minds on things we can observe in natural revelation.
- 18 The same word (nepesh) is used for an animal soul and a human \_\_\_.
- 19 Because God is \_\_\_ (outside of time), God can interact with us at once with all of the stages of our lives. He is not limited to past or present. He has full access to us as babies as well as grown men and women.
- 20 In Gen. 1:20 we are told that \_\_\_ have souls.
- 21 The position on the origin of man's soul that teaches that God creates the soul of each person ex nihilo (out of nothing).
- 22 As a pastor it is my job to guide you to the Truth rather than dogmatically tell you what you better \_\_\_.
- 24 'Ehyeh is \_\_\_ over time. He is Lord over time.
- 25 Personal contact with ultimate truth is always \_\_\_.
- 26 In Gen. 1:24 bugs and mammals are said to have \_\_\_.
- 27 The chart on slide 28 may be helpful for an illustration, but it also has the potential for misunderstanding and further marginalizing and making Christians look stupid. It is best to ground understanding of the soul in philosophical \_\_\_ before using such charts.

## Down

- 2 Since God is eternal, He does not know things beforehand because all things are eternally \_\_\_ before Him at once.
- 3 In man's intellectual knowledge, he can \_\_\_ like God.
- 4 Anti-intellectual Christians are unable to stay in fellowship much of each day because of the shallowness of their understanding of \_\_\_.
- 5 The person who came up with the position between Traducianism and creationism called soul-formatism.
- 10 It is unhealthy for any believer to believe anything just because a \_\_\_ said it.
- 12 The position on the origin of man's soul that teaches that every person gets his soul from his parents.
- 13 Exodus 21:22-25 speaks of the \_\_\_ penalty for anyone who causes a woman to give birth to a premature, dead baby.
- 14 I.C.E. method of interpretation is a good system, but it cannot deliver \_\_\_ certainty. For example, if the Bible must be understood in the times in which it was written, then things we do not know about those times would keep us from understanding the Bible with certainty.
- 15 God's nature is free from all \_\_\_ of time.
- 17 Anti-intellectual Christians have shallow and \_\_\_ thoughts about God in their daily lives.
- 23 Every prayer or lack of prayer in your life was answered or not before you ever \_\_\_.
