JUSTICE: God's objective justice/law

From mind of God to structure of order and morality in creation
accessed by natural law by the rationality/mind of man

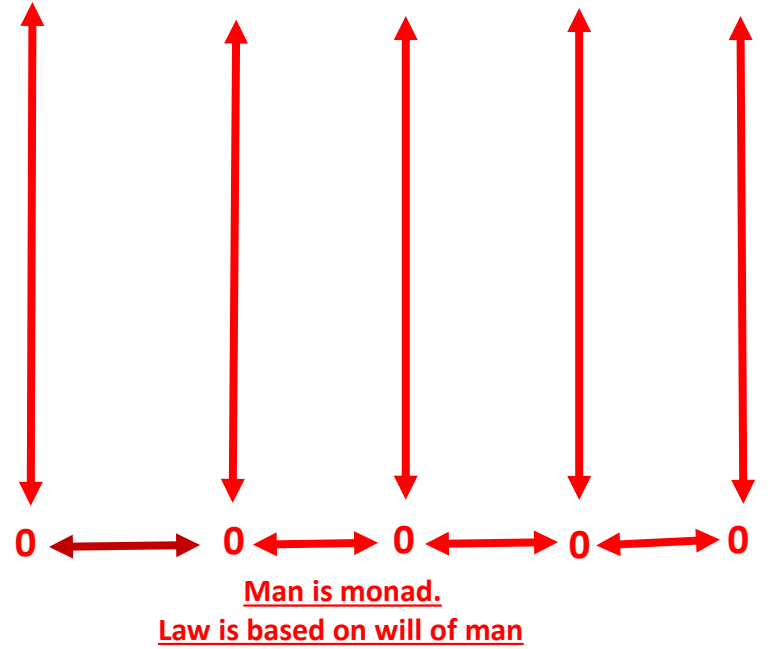

Reality: Objective structure of law/morality/justice
Government/Society and the Common Good

JUSTICE: Man's subjective justice/law

From the subjective and arbitrary will of man

Government/justice/law is based on social contract

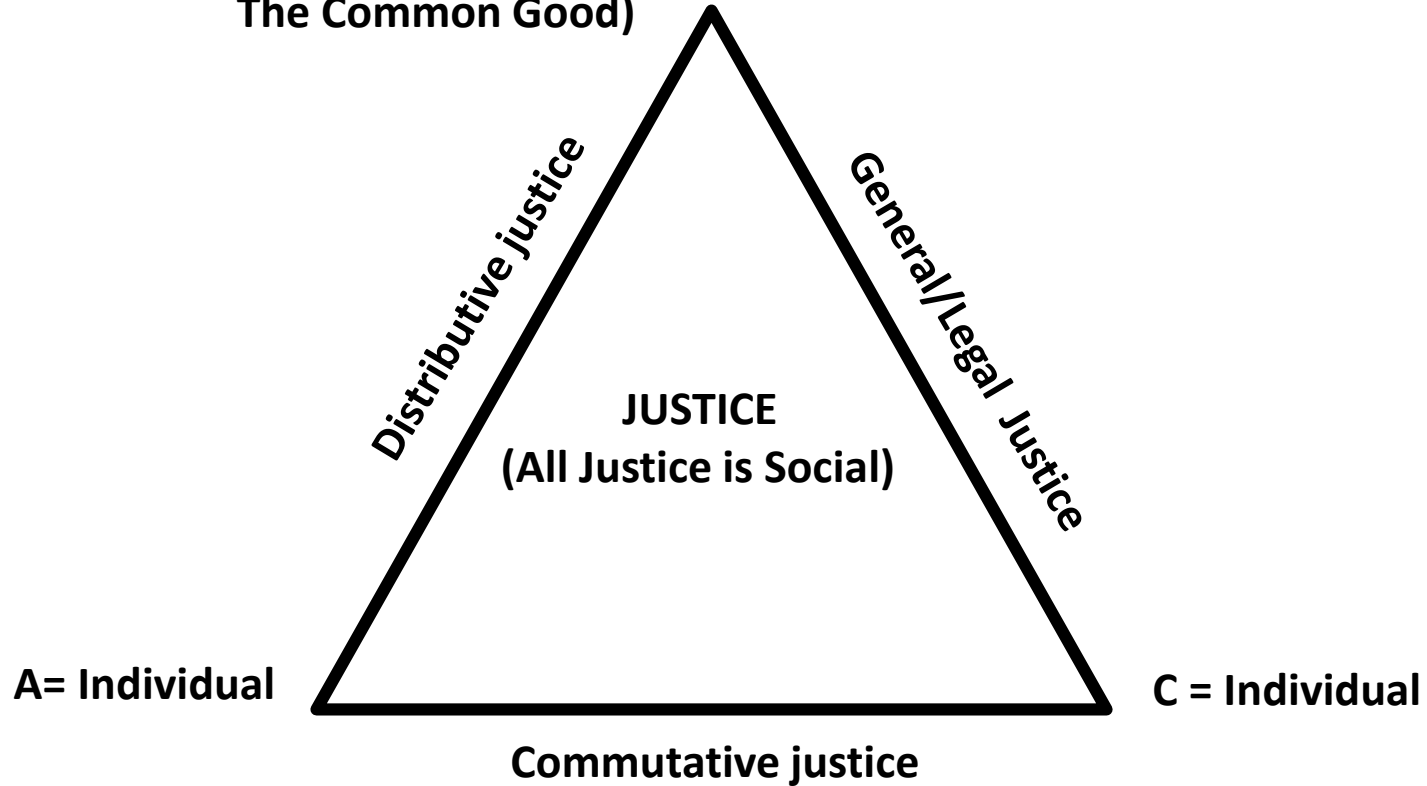

0 = Monads. Man is autonomous, atomistic, individualistic.

Individualism: From will of man (0) to social contracts to create law/government/morality. Man has a two way relationship with government and each other. He chooses what is just based on his will instead of rational connection with the objective structure and web of justice emanating from God upon all of creation.

Divine Triangle of Objective Justice

God/Esse is the Author of social communities/entities and what constitutes righteous relationships in them

**B = Social Community (Family/Church/Society
The Common Good)**
